

Jarvie Engineering is a Quality Assured Company to AS/NZS ISO 9001 that provides manufacturing services and engineering sales support from its Newcastle location and sales and stockholding support from the Mackay warehouse.

Our modern manufacturing facility, offers a broad range of machining capabilities to provide timely and efficient service and support to New South Wales and Queensland.

Located in the heart of the Hunter, our manufacturing plant offers quality assured services that include:

- Hydraulic cylinder manufacture, repair & re-design
- Engineer welding & fabrication
- General & CNC machining
- Hardchrome plating
- Deep hole drilling & boring
- Laser alignment
- Laser cladding & surface alloying
- Fluid power sales & repairs
- AutoCad support

Our team of experienced tradesmen has extensive knowledge in the field of general fabrication and welding, laser technology and general machining and fitting.

We pride ourselves on the quality of workmanship, professionalism, ability to meet deadlines, competitive prices and creative problem solving capabilities.
